## Work Experience

---

### Octarinox

Front-End Developer

08/2025 - Present

- Refined my skills in working with **Git** and **GitHub**, and gained experience in coding and collaboration within a team environment.
- Learned and applied **Next.js**, **Supabase**, and **shadcn/UI** in modern web applications.
- Worked with databases using **SQL**—creating, querying, updating, and managing data.

### Freelance

Front-End Developer

03/2025 - Present

- Using **React.js**, **JavaScript (ES6+)**, and **Tailwind CSS**, I created responsive and user-oriented web applications.
- Transformed **Figma** designs into clean, accessible, and reusable **UI** components; integrated dynamic content using **REST APIs**.
- Utilized **AI tools (Grok, Gemini, Claude)** to boost productivity and efficiently solve technical challenges.

## Projects

---

### HrThoth [🔗](#)

08/01/2025 - 11/05/2025

- Simplified recruitment system with multi-AI-powered processes to enhance candidate screening and automation.
- In the project, I used **Next.js**, **Supabase**, **TypeScript**, and **shadcn/UI** to build a modern, stable, and scalable architecture.

### Personal Portfolio [🔗](#)

07/01/2025 - 07/14/2025

- This is my personal portfolio, where I used **React**, **Tailwind CSS**, and **JavaScript** to create a **modern**, **fast**, and **clean UI/UX** experience.

### PRO FITNESS [🔗](#)

06/01/2025 - 06/10/2025

- Created a GYM platform using **React**, **AI** features, and **Material UI** to design a modern, stylish, and interactive interface.

### POOL CLUB [🔗](#)

05/01/2025 - 05/18/2025

- My first project was a responsive and user-oriented website for a Billiards Club, built with **HTML5**, **CSS**, and **JavaScript (ES6+)** technologies.

## SKILLS

---

- **Programming Languages:** HTML5, CSS, JavaScript (ES6+)
- **Libraries & Frameworks:** React.js, Next.js, Tailwind CSS, Bootstrap, TypeScript, Redux, shadcn/UI
- **Backend & Databases:** Supabase, SQL (CRUD operations, query composition)
- **Tools:** Git, GitHub, NPM, VS Code
- **Other Skills:** REST API Integration, Responsive Design, Clean Code Principles, Figma to Code Conversion, AI-Assisted Development
- **Soft Skills:** Problem-Solving, Attention to Detail, Adaptability, Time Management

## Education

---

### Digital Institute - Present

Front End Development

### Georgian National University SEU

Bachelor of Management - 3.0
